

Dave Chuter

Patient Panel Chair

I am a relatively new member of the Panel, but I am an experienced patient advocate within research. For me, it is so important that the patient voice is heard, and patients represented in all research across the world. I believe that with my networking connections with UK and European cancer research organisations and with my patient support network I can represent a very diverse group of patients, carers and family members who have been affected by cancer.

It is by ensuring we have as many voices represented as possible within the EORTC Patient Panel that we can understand, recognise, and make decisions on what is needed and will benefit patients directly in research and treatment.

For me, it is so important that the patient voice is heard, and patients represented in all research across the world. I believe that with my networking connections with UK and European cancer research organisations and with my patient support network I can represent a very diverse group of patients, carers and family members who have been affected by cancer.

It is by ensuring we have as many voices represented as possible within the EORTC Patient Panel that we can understand, recognise, and make decisions on what is needed and will benefit patients directly in research and treatment.

Organisations I collaborate with:

- EORTC – member of the Patient Panel and Gastrointestinal Tract Cancer Group
- NCRI – member of the Consumer Group and Living With and Beyond Cancer Acute and Toxicities Workstream
- NIHR Academy – Lay member on the Leadership and Mentoring committees
- NIHR – Patient and Public Representative to the Partnership Board
- CRN Kent, Surrey and Sussex (nih.ac.uk) – Patient and Public Representatives
- WCRF (World Cancer Research Fund UK) – Healthy Eating Patient Champion
- DiCE (Digestive Cancers Europe) – Board member and Chair of the Patient Advisory Committee
- Royal Surrey NHS Foundation Trust – Rest of England & Lead Governor and Chair of the Patient Experience Committee Chair of the Quality Committee.
- NHS Leadership Academy – PPI member
- useMYdata – Advisory Group Executive Committee Member and Director
- Cancer Grand Challenge - Lead Patient Advocate for Team eDNyAmiC
